GROUNDS DIRECTOR: MIKE HAMENDE

Thanks to Jim Miller with his help mulching the kids playground, Thanks to Tom Rolando with his help striping the parking lot, Thanks to Cano Jiannon with his help mowing, I appreciate the help. Ridings Plunbing will be installing a new water shut-off on the water spickett closest to the boat launch so necessary repairs can be made to fix a water leak. I need all members with boat trailers to weed eat around your trailers. I will continue to use the tractor to mow the large area, but need everyones' help using the clubs craftsman push mower and the clubs weed eater to maintain grass around trailers. Please make sure you park your trailers close together, we can't have 4-5 feet between trailers, there won't be room for everyone. Finally, anyone needing work hours can use the club's weed eater to trim around clubs shoreline, trees, patio, pavilion, playground, etc. It is too costly for the mowing service to do this, We all need to help with this to keep the grounds looking great. As soon as the stone is installed on the front of the building, the landscaping will be completed. Finally to those members with kids, It is published in the Clubs by-laws that children under the age of 13 be accompanied by an adult when on the docks. Kids are NOT to be running or playing on docks or in club house; please use the grounds areas. Thanks, Have a safe summer.

SECRETARY: ANN MCCAUGHAN
